

# AISHWARYAVARSHINI J

Electrical Engineer | AI & Software Explorer

## PROFILE

I'm an EEE student exploring the intersection of electrical systems, artificial intelligence, and software. I enjoy learning new technologies, solving problems, and building solutions with real-world impact.

## PROJECT EXPERIENCE

### SIH RAILWAY PROJECT

*Team-Based Engineering Project*

- Contributed to designing a real-world addressing railway-related challenge
- Worked collaboratively on problem analysis, system design, and implementation.

### E-COMMERCE DATA MANAGEMENT PROJECT

*Academic Project – BDM (IIT Madras)*

- Worked on managing and analyzing e-commerce data
- Applied data organization and basic analytical techniques.
- Understood how data supports business decision-making.

## EDUCATION HISTORY

2023 – 2027

### SRM TRP ENGINEERING COLLEGE (ANNA UNIVERSITY)

- B.E. – [EEE] (Pursuing)

2022 – 20XX

### IIT MADRAS (ONLINE)

- BS Degree in Data Science & Applications (Pursuing)
- Diploma in Programming (Pursuing)
- Diploma in Data Science (Pursuing)

## INTERESTS

Technology and Engineering  
Innovation  
Learning AI and Data  
Science  
Building Software Projects  
Continuous Skill  
Development

## LANGUAGES

Python  
Java  
HTML, CSS  
VS Code  
Git  
MySQL

## SKILLS

Python, Java, SQL  
HTML, CSS  
Data Analysis, ML Basics  
Problem Solving  
Git, Excel, VS Code
